

### EDUCATIONAL PLANT SURVEY OVERVIEW

In Florida, all public school districts, colleges and state universities are required to conduct an Educational Plant Survey (EPS) at least once every 5 years using "uniform data sources and criteria" (Section 1013.31, Florida Statutes). An EPS is a systematic and comprehensive study of each institution's sites, buildings, and the site improvements required to operate the facilities. This includes a review of both the 1) existing educational and ancillary facilities and 2) anticipated future needs for repair, expansion and/or demolition. The EPS is a safeguard mechanism to ensure that PECO dollars, and the assets constructed with PECO dollars are being directed appropriately towards needed educational buildings.

The EPS is undertaken collaboratively by the EPS Survey Team, which consists of staff of the university being surveyed; Board of Governors' staff; and staff from other universities. The final EPS Report must be approved by both the local Board of Trustees as well as the Board of Governors. The EPS is one of 3 long-range planning documents – the EPS, the Campus Master Plan and the 5 Year Capital Improvement Plan.

### **Required EPS Elements**

- Summary of approval by the Board of Trustees and Board of Governors
- Recommendations for existing facilities
- Recommendations for new facilities
- Projected capital outlay full-time equivalent student enrollment
- Inventory of existing sites and facilities

The procedures to be used in conducting each EPS are specified by the Chancellor's Office.

Note: Full-time Equivalent (FTE) student is a measure of all instructional activity (regardless of fundability) that is based on the number of credit hours for all students during an academic (summer, fall, spring) year. FTE is based on the standard national definition, which divides undergraduate credit hours by 30 and graduate credit hours by 24. Pursuant to section 1013.31, Florida Statutes, Board facilities staff use this data as a key factor in the calculation of facility space needs for university educational plant surveys.

### MEMORANDUM

- TO: Dr. Mark Rosenberg, President Florida International University
- FROM: Kevin Pichard, Director Finance and Facilities
- SUBJECT: Requirements for the Florida International University Educational Plant Survey

This memorandum is to advise you that in accordance with s. 1013.31(1), Florida Statutes, an Educational Plant Survey ("Survey") is required to be conducted at Florida International University for the upcoming fiscal year, 2020–2021. This section requires each Survey to be conducted by the Board of Trustees or an agency employed by the Board of Trustees. If you request our assistance for the upcoming Survey, expenses incurred for travel and accommodations by the survey team will be paid by the Board of Governors.

The purpose of the Educational Plant Survey is to recommend capital projects that the university may then request from the Board for the next five (5) years based on an evaluation of comprehensive facility needs. The Board of Governors has a recommended approach to achieving survey validation customized to meet the unique situation of each university.

The Survey consists of two components: Validation and Needs Assessment. Once assistance is requested and accepted, the Board of Governors' staff will work with university staff as required to complete the work. It is strongly recommended that you coordinate with your space utilization and analysis personnel in developing your team. In your request for assistance, please identify who the primary contact will be.

Dr. Mark Rosenberg, President July 15, 2020 Page 2 of 2

Please contact Ken Ogletree in the Board of Governors' office to schedule and set up an initial coordination and procedures discussion necessary for Florida International University to complete the survey process within the fiscal year. Mr. Ogletree can be reached at (850) 245-9254 or via email at <u>Kenneth.Ogletree@flbog.edu</u>.

RE: FIU Educational Plant Survey

Dear Kevin,

In accordance with your July 15, 2020 letter to President Rosenberg regarding FIU's Educational Plant Survey (EPS), FIU is requesting BOG assistance in completing the 2020-21 EPS.

FIU understands the current pandemic situation will create some complexities in scheduling. Hence, FIU would like to work collaboratively with you and your team on the best timeline and process as we continue to evaluate the local health conditions. I would hope that we could be prepared to undertake the EPS early next year. Gloria will be the liaison with you, Ken Ogletree and others on your team in determining the path forward that will work for BOG and FIU.

Please do not hesitate to reach out to me if you have any questions or need additional information.

Sincerely,

Kenneth A. Jessell, Ph.D. Senior Vice President for Finance/Chief Financial Officer and Professor
